ABOUT ME

I officially began my journey in late 2016 when I enrolled in a technical university, acquiring theoretical knowledge. Meanwhile, I embarked on a student internship, which provided me with practical experience. Later, I transitioned into full-time work, taking on numerous responsibilities. I am now exploring new opportunities, with a focus on front-end development and e-commerce.

EDUCATION AND TRAINING

[09/2010 – 05/2014]

Technician of Electrical Engineering

Co-educational High School "Hasan Kikić", High School of Electrical Engineering msshkg.co.ba

City: Gradačac

[09/2016 – 05/2020]

Bachelor Engineer of Information Technology

American University in Bosnia and Herzegovina, Faculty of Information Technology aubih.edu

City: Tuzla

WORK EXPERIENCE

[09/2018 – 05/2019]

Front-end Developer

StarNet starnet.co.ba

City: Tuzla

Student internship, part-time and in a remote environment. Integrated segments of a chosen Bootstrap theme using the Aurelia framework for enhanced reusability.

[09/2019 – 05/2020]

Full-stack Developer

Leftor leftor.com

City: Tuzla

Student internship, part-time and in a hybrid environment. Established IMS and CAS as in-house solutions using React, Bootstrap and Laravel frameworks.

[09/2020 – 08/2023]

WordPress Developer

Imel imel.ba

City: Lukavac

Full-time and in a hybrid (largely remote) environment. Developed and maintained custom-tailored e-commerce and other solutions using the WordPress platform.
